An Article of Blaze Orange Clothing is Required in the Field

2016 Randy Bartsch

I was fortunate to be born and raised in north central North Dakota where there is a variety of game and available places to hunt. My first experiences were hunting sharp tail grouse and waterfowl with my dad over 40 years ago. These are some of my fondest memories even though we did not have a dog to hunt with. Through the years of high school, college and later, I hunted with friends that had hunting dogs of various breads, abilities, and levels of training. I always enjoyed the Springers the most and decided when I had the space and time that I would get a Springer Spaniel.

Travel for work didn't allow me the opportunity to get my own Springer Spaniel until 1996. I had moved to Bloomington, MN and a co-worker put me in touch with Bill Boeckman, whom he had bought a very nice Springer from that I had hunted over. I then bought a Springer from Bill and was invited to come out and train whenever I wanted. I figured a little out of hunting season work for my dog and some shooting for me would be fun. You all know the rest of the story, after a while, you end up steadying your dog and then entering field trials. I loved those training sessions and developed several of the closest friendships I will have the rest of my life. To this day, I get tremendous enjoyment training my dogs with friends and by myself.

I have not had a great number of Springers, but the Springers I have been blessed with, have been fantastic dogs to hunt and field trial with. There is nothing more enjoyable than walking behind a well bred and well trained Springer.

I have to thank my wife, Holly and my children Derek and Megan, for supporting me in my passion for training, hunting, field trialing and judging field trials.

I am truly honored to have been chosen by my peers along with Clay to judge your dogs and choose the next National Open Champion.

Good luck to everyone and I am looking forward to all the great dog work I will be seeing this week. —*Randy Bartsch*

2016 Judge Clay Earl

I live in Woodstock Ontario with my wife Karen. We live on a farm/shooting preserve, which we have built to house and train our hunting and field trial dogs (11 springers, 4 Labradors). We open our property to any and all who share our interest, with the condition that we all treat people and animals with respect. After thirty years in the field trial world with springers, it gives me the greatest pleasure to see new people join and develop to be successful in the game. We actively train dogs every day and continue to evolve our methods to get the best from each dog.

I grew up in Saskatchewan, where I resided for the vast part of my life. Most of those 35 years were spent hunting wild birds and training dogs. Over the course of time, we have made a number of champions and hunted a lot of birds. The dogs, birds, and friends sure taught me a lot.

Stylistically, I have trained and trialed all kinds of springers, from dogs we imported, modern UK lines and converted to our North American game, to the bigger running, wind sweeping setter style of the Saighton lines. In common was that they were all good bird finders while each dog had its own special qualities. I have been fortunate to place some of these dogs in the US and Canadian nationals. Through it all, the sport has brought me much enjoyment and many friends.

I have judged 4 national championships (US open, US amt., 2x Canadian Open) and over 100 trials. I believe in challenging the dogs when opportunity presents itself. My approach through it all continues to be based on recording the performance before me, making positive assumptions, communicating with my co-judge and the handler in front of me so we give all a fair opportunity and get the most accurate picture of the dogs on that day. Taking note of the subtleties is often the critical difference in big trials.

To me, judging a national is an honor and a big responsibility. I believe we must strive to make it a fair and enjoyable experience for the participants and gallery and endeavor to find the team that has the best performance over the course of the trial. My pledge to you is to work cooperatively with the committee to make the national a success while we look for a team that we are proud to crown National Open champion.

Best to you and your dog afield, —*Clay Earl*

Standard Procedure For Spaniel Field Trials

1. The purpose of a Spaniel Field Trial is to demonstrate the performance of a perfectly trained Spaniel in the field. The performance of a Spaniel in Field Trials should not differ from that in any ordinary day's shooting, except that in the trials a dog should do his work in a more nearly perfect way.

2. The function of a hunting Spaniel is to walk at heel (or on a leash) until bidden to seek game. When so ordered, he should seek game in a brisk, quiet manner thoroughly quartering the designated cover, within gunshot, in the line of quest without unnecessarily covering the ground twice. When game is flushed, dogs should drop or "hup" to flush or command and, if game is shot, should retrieve at command only, but not until the Judge has instructed the handler. Dogs should retrieve quickly and briskly when ordered to do so and deliver tenderly to hand. They should then drop or "hup" until given further orders. Spaniels which bark and give tongue while questing are objectionable and should be severely penalized.

3. If a dog, following the line of a bird, is getting too far out he should be called off the line and later he should again be cast back on it. A dog which causes his handler and gun to run after him, while line running, is out of control. Handlers may control their dogs by hand, voice, or whistle, but only in the quiet manner that would be used in the field. Any loud shouting or whistling is evidence that the dog is hard to handle, and, in addition, is disturbing to the game.

4. A dog should work to his handler and gun at all times. A dog which marks the fall of a bird, uses the wind, follows a strong runner which has been wounded, and will take direction from his handler, is of great value.

5. When the Judge gives a line to a handler and a dog to follow, this must be followed and the dog not allowed to interfere with the other contestants running parallel to him.

6. The Judges must judge their dogs for game-finding ability, steadiness, and retrieving. In game finding the dog should cover all his ground on the beat, leaving no game in his territory and showing courage in facing cover. Dogs must drop to wing and shot and obey all commands. When ordered to retrieve they should do this tenderly and with speed. No trials for Spaniels can possibly be run without retrieving as that is one of the main purposes for which a Spaniel is used.

7. In judging a Spaniel's work Judges should give attention to the following points, taking

them as a whole throughout the entire performance, rather than giving too much credit to a flashy bit of work.

Control at all times, and under all conditions.
Scenting ability and use of wind.
Manner of covering ground and briskness of questing.
Perseverance and courage in facing cover.
Steadiness to flush, shot and command.
Aptitude in marking fall of game, and ability to find it.
Ability and willingness to take hand signal.
Promptness and style of retrieve and delivery.
Proof of tender mouth.

Where facilities exist and Water Tests are held in connection with a stake, the manner and quality of the performance therein should be given consideration by the Judges in making their awards. Such tests should not exceed in their requirements the conditions met in an ordinary day's rough shoot adjoining water.

Land work is a primary function of a Spaniel, but where a Water Test is given, any dog that does not complete the Water Test shall not be entitled to any award.

8. The guns should shoot their game in a sportsmanlike manner, as they would in a day's shoot. The proper functioning of the Official Guns is of the utmost importance. The Guns are supposed to represent the handler up to the time the game is shot, although not interfering in any manner with his work or that of the down brace. They are supposed, if possible, unless otherwise directed to kill cleanly and consistently, the game flushed by the Spaniels at a point most advantageous to a fair trial of their ability, with due regard to the dogs, handlers, Judges, gallery and other contingencies.

9. Care should be taken not to shoot so that the game falls too close to the dog. If this is done it does not afford a chance for the dog to show any good retrieving ability and often results in a bird being destroyed. The Guns should stand perfectly quiet after the shot, for otherwise they may interfere with the dog and handler. When a dog makes a retrieve no other birds or game should be shot unless ordered by the Judge for special reasons. The Gun must also keep himself in the correct position to the handler and others.

10. It has been repeatedly proven that the most efficient gun and load for this work, in all fairness to the dogs, handlers and those responsible for the trial, is a well-choaked twelve gauge double gun, and a load of not less than three drams of smokeless powder, and one and one-eighth ounces of No.5, No.6, No.7 or No.7 1/2 shot.

11. Wearing an article of blaze orange clothing is required in the field.

A Short History of This Trial

By C. S. Goodall

The first National Field Trial for English Springer Spaniels was held in mid-December 1947 and was the direct result of several years of concentrated effort by a small group of sportsmen imbued with a desire to further the interest of the breed.

Much correspondence now molding in dusty file cabinets provided a factural and, in part, amusing chronology of events leading up to the acceptance of the idea to establish an annual National field trial, for the breed. Many of the objections and dire predictions forecast by those in opposition to the idea seem pointless now when viewed in retrospect. As a means to an end and as an end in itself the National trial has proven to be an overwhelming success and has become a permanent fixture on the agenda of those who follow and love fine sport.

The first National Trial was conducted by a field trial committee acting under authority delegated to the English Springer Spaniel Field Trial Association by The American Kennel Club. The basic procedures were established after long and careful study by a committee consisting of Henry L. Ferguson, Robert C. Bishop, Harry L. Caesar, Charles S. Goodall, Claude Jasper, William R. Kirkland, and the late Dr. Charles G. Sabin. This committee appointed William R. Kirkland and the late Leonard Leader as judges and Charles S. Goodall as Field Trial Chairman. The soundness of the procedures and regulations adopted by the careful action of the National Committee for the conduct of the first trial are attested to by the fact that they remain virtually intact since their adoption in 1947.

The basic and primary function of the National field Trial is to select a National Champion English Springer Spaniel. The many great Springers that have attained to the title in the past provide overwhelming evidence that this objective has been accomplished. One, however, should not lose sight of the importance of several byproducts of the event and their wholesome influence on the breed and the sport. The interchange of ideas on all subjects pertaining to fine sporting dogs has enhanced the knowledge of all so engaged, and has contributed to the development of a warm feeling of mutual admiration and respect among sportsmen from all sections of the country.

The rare opportunity for observing the inspired handling of superbly trained spaniels with 500 years of hunting heritage behind them has been invaluable to trainers and breeders interested in improving and perfecting and perfecting training techniques and in producing better Springers. Likewise, the experience of observing the fine sportsmanship exhibited by most owners and contestants in victory and defeat has created a feeling of admiration that has resulted in the growth of the highest sporting standards by the overwhelming majority of those in attendance. It can be said without fear of contradiction that the benefits accruing to the sport have been manifold and that the National serves as an appropriate and grand climax to the autumn field trial and shooting season for all real sportsmen.

As a tribute and mark of distinction to those fine gun dogs which have won or placed in past trials, to their handlers and owners, and to those serious sportsmen who have willingly accepted the responsibility of performing the many thankless tasks so necessary to the success of any organization, the officers and field trial committee are pleased to imprint their names on the following pages.

To qualify the amateur handler must place first, second, third, fourth or be awarded a certificate of merit. This is to be a perpetual trophy with no permanent possession. Each year the name of the winning handler and a date awarded is to be engraved on the reverse side of the trophy, is to remain in his or her custody for one year, to then be returned for presentation the following year at the National Championship.

GUNNER'S TROPHY FOR THE DOG

IN THE JUDGEMENT OF THE GUNNER'S "They would most like to hunt over". DONATED BY essft.com.

Dan Langhans Legacy Trophy

Beginning in 2016 a trophy is offered in honor of Dan Langhans and his contributions to our sport.

We all know what a fierce competitor Dan was. It was amazing to watch him work tirelessly shaping the next dog or fixing a problem that cropped up in preparation for the next trial.

He would say dogs are like a tube of toothpaste. If you squeeze too hard on one end something pops out on the other. He had many lines like that he would use to guide people who were willing to listen.

Dan took great joy in walking up and grabbing another ribbon or watching the owner take the honors for a dog that he himself so expertly handled. He also took as much joy watching someone he mentored rise to the task and accept the blue ribbon.

When you come right down to it, it was all about the next great dog, no matter who was running it. Dan's eyes would light up when he witnessed a dog that could do it all. Take a tough situation and make it gold. The very characteristics that win nationals.

So it is for this reason that a trophy meant to honor Dan Langhans will be awarded to the top dog in the country. After all, isn't that what Dan was.

This trophy is to be awarded to the overall high point dog in the country. It will be for the combined points acquired in both the open and amateur stakes during the qualifying period for the Nationals of that year. These points will be weighted based on the number of starters in each stake. The winning dog need not run in both stakes. This will allow the trophy to be accessible to all handlers. It will be a perpetual, traveling trophy that will be returned with the appropriate engraved plate honoring that year's winner for the next year. The trophy will be awarded at the latest English Springer Spaniel National of the year.

AKC Code of Sportsmanship

PREFACE: The sport of purebred dog competitive events dates prior to 1884, the year of AKC's birth. Shared values of those involved in the sport include principles of sportsmanship. They are practiced in all sectors of our sport: conformation, performance and companion. Many believe that these principles of sportsmanship are the prime reason why our sport has thrived for over one hundred years. With the belief that it is useful to periodically articulate the fundamentals of our sport, this code is presented.

- Sportsmen respect the history, traditions and integrity of the sport of purebred dogs.
- Sportsmen commit themselves to values of fair play, honesty, courtesy, and vigorous competition, as well as winning and losing with grace.
- Sportsmen refuse to compromise their commitment and obligation to the sport of purebred dogs by injecting personal advantage or consideration into their decisions or behavior.
- The sportsman judge judges only on the merits of the dogs and considers no other factors.
- The sportsman judge or exhibitor accepts constructive criticism.
- The sportsman exhibitor declines to enter or exhibit under a judge where it might reasonably appear that the judge's placements could be based on something other than the merits of the dogs.
- The sportsman exhibitor refuses to compromise the impartiality of a judge.
- The sportsman respects the AKC bylaws, rules, regulations and policies governing the sport of purebred dogs.
- Sportsmen find that vigorous competition and civility are not inconsistent and are able to appreciate the merit of their competition and the effort of competitors.
- Sportsmen welcome, encourage and support newcomers to the sport.
- Sportsmen will deal fairly with all those who trade with them.
- Sportsmen are willing to share honest and open appraisals of both the strengths and weaknesses of their breeding stock.
- Sportsmen spurn any opportunity to take personal advantage of positions offered or bestowed upon them.
- Sportsmen always consider as paramount the welfare of their dog.
- Sportsmen refuse to embarrass the sport, the American Kennel Club, or themselves while taking part in the sport.

Do you have a better photo of some of the dogs in this catalog?

The catalog team is always looking to replace of some of the past champion photos that have lost quality as the file moved from printer to printer.

Please contact the national trial secretary for information on where to send any new versions of the old photos.

Thanks!

- Assist English Springer Spaniel Field Trialers and/or their children or grandchildren with costs associated with their higher education by granting 1-3 education scholarships/year in the amount of $500.00 each

Eligibility Criteria

- Student, or their parent or grandparent participated in ESS Field Trials (e.g., as competitor, gunner, planter, field trial chair, or field trial secretary) or served as a club officer in an AKC recognized ESS club , as an inter-club chair, or a NOC officer within the past 3 years
- Student is enrolled full time in an accredited community college, college, or university and is pursuing a postsecondary degree (associate, baccalaureate or post-baccalaureate) or certificate, or is enrolled in an apprenticeship program and pursuing trade certification or licensing
- Student displays evidence of leadership, engages in volunteer activities, and exhibits potential for a successful career
- Student has a demonstrated financial need

Process

- Applications must be submitted no later than June 1, 2016
- Applications will be reviewed by the Scholarship Review Committee (made up of one representative from each of the five regions), who will make award decisions
- NOC President will notify applicants of award decisions no later than August 1, 2016
