

## 2015 National ESS Amateur Championship

Watkins Glen, NY

Hosted by

English Springer Spaniel Field Trial Association

June 9, 2015

The English Springer Spaniel Field Trial Association will be holding the 53<sup>rd</sup> National Amateur Championship in the Finger Lakes Region of New York, near Watkins Glen. The field trial will start on November 9, 2015, with over 100 Springers handled by the best amateur handlers in North America.

The scope of the National Amateur is impressive, as it is one of the few remaining competitions that approximate true hunting conditions over variable terrain and through all types of weather. These dogs are judged on their ability to find, flush and retrieve shot game in five land series and a water series over several days of competition. This year's judges, John Meyer, from Minnesota and Clay Earl from Canada, will have the honor of selecting the "best of the best".

To fund this national event, we are reaching out to the field trial community, hunting enthusiasts, sportsmen, local businesses and those businesses that have a special connection to the outdoor sports such as ours. As a supporter of this event, you will have the opportunity to connect with its several hundred participants as well as the 700+ members of the ESSFTA, Parent Club of the Breed, over 40 American Kennel Club member and licensed spaniel clubs, and others.

We would like to offer you the opportunity to showcase your products and/or services to this diverse group of sporting enthusiasts by donating items for the auctions and raffles. We welcome any product literature or promotional items that can be displayed with your donation.

All National Amateur sponsors and donors will be listed on the [www.essft.com](http://www.essft.com) website as well as listed in the event catalog. ESSFT.com is dedicated to Springer Spaniel competition events and activities. From this one website, you can find out just about everything that there is going on within the Springer Spaniel world.

If you have any questions, feel free to contact either of us by phone or email. We look forward to your support.
