

# Placements by Dog

## Open Placements for 2012 Qualifying Period (12/10/2011 - 11/24/2012)

The points in this report include placements through trials reported on ESSFT.com.

If you think there is an error, please send me an email and I'll check and update my information for the next cycle. For the short term, on the open report open national placements are shown as 5 through 8. The number of points are correct but I need to find a better method for showing the placement. Will fix soon.

Thanks in advance for your help,

Jan
