<p>NOTES: We had some sprinkles early Saturday that made the clay soil extremely sticky mud. The rest of the day was about low 60s and pleasant. Sunday started with heavy fog that chilled the temps into the 40s, but when the sun broke through around 10:30, things warmed up into the high 60s. Cover was a challenging mix, complicated by tons of cracks in the soil that made resulted in many dogs doing unintentional somersaults while hunting. Scenting was quite challenging when there was no breeze, which was quite often.</p>	<p>Thank you Diane Zablit</p>
