3rd	Whirligig Canis Sirius B: D. Vermazen O: Ray Paolucci H: Gary Breitbarth
4th	Yankee Creek Nick of Time B: David Clumpner O/H: Alfred Defalco
NOTES: Thanks: Barb Boettcher; This past weekend we were blessed with picture postcard weather, albeit a little on the cold side! The course for the 1st and 2nd Series began with the gallery walking down a paved tree lined road with the dogs running on each side. The course eventually meandered off the road and continued thru various types of cover for 57 flags, the last leg had a full view of Mt. Rainier which gave you the feeling you were running right up to its base. The third was run in a different area each day with each course having its own personality. Each day dawned cold and frosty, the first day around 21 degrees and the second day around 30 degrees which made everyone anxious to get out on the course into the sun. There were light breezes off and on all day. Puppy results, thanks John Helmuth

3rd	Winchesters Diva "Diva" O/H: Fred Berson
4th	Crosbear's Jessica "Jessica" O/H: Brian Crosby
NOTES: The Arrowhead ESS Club held its 53rd annual field trial Feb 17-18th at Kincade Wildlife management Area in Porterville, CA. Judges were Nick Campanelli and Tim Osborne. The threat of rain never materialized except for some light sprinkles for 1/2 hour this morning. Otherwise temps were in the 60s with lots of cloud cover on Sat, warmer Sunday -- getting >70 for the 3rd series of the Open. Cover was green undergrowth with varied sections of dried grasses and patches of sagebrush. The 3rd series was run down a hillside with knee to waist high dried grasses much thicker than the bracework courses. The gallery loved to sit up on the hill and watch all the dogs without having to take a step. Birds were quite good for spring specimens. Thanks Diane Zablit

<p>NOTES: Thanks, Diane Zablitz: The Stockton ESS Training Club held its 60th annual field trial on Friday, March 2, 2001 at Grey Lodge Wildlife Refuge, Gridley, CA. Bracework was run on a circular course, with varying sections of low green, mixed with higher dried grasses and, of course, lots of wet ground and some sprinkles during the course of the day. Conditions were challenging, with many traps and not too many retrieves. Only a few dogs were able to take moving birds. The 3rd series course which is one of the nicest anywhere is truly beautiful this year, with the varying terrain and cover providing a picturesque hunting scenario. Temps were in the 50s-60s, slightly warmer when the sun came out and shone on the 3rd series around 4 pm.</p>

4th	Citation Monty "Monty" O/H: Larry Lawrence
<p>NOTES: Thanks, Diane Zablitz: Tamarin Spaniel Club field trial followed the Stockton trial, Saturday-Sunday, March 3-4 at Gray Lodge, Gridley, CA. Bracework courses were in a lower, straightaway field, with much more water on the ground, although it did not rain at all during the day. Temps were lower. Sunday brought horrendous weather for the Open: wild winds, sideways rain, cold temps. Conversely, the birds flew better and more retrieves were had by all. Charlene O'Connell was a champ to marshal all day through this, and anyone who was out there all day (gunners, planters, shaggers, judges) was either extremely dedicated or ????</p>

<p>NOTES: Thanks Pat Bramwell (On Open, Thurs.) Thru torrents of rain & sleet & nearly 50 mph wind gusts today we ran the open. It was nearly unbearable at times w/the sleet hitting us in the face. But like good field trialers, we all survived & looking forward to tomorrow's amateur wher Mr. Weatherman tells us the sun is going to shine. David Jones finally showed up this morning - guess he was afraid to come last nite :-} He also needs new socks LOL. Anyway, most everyone is now sitting in the house waiting for supper to finish cooking (which the cook forgot to put in the oven earlier). Clothes are in the dryer & about 10 loads waiting to be put in. (On Ama, Fri.) WOW!!!!!!!!!!!!!! What a beautiful day! (but then anything would have been better than yesterday). John W even asked for sun screen for his pansy MT skin. Party broke up last night when Jason G couldn't talk any more. Supper has been devoured & everyone is down to some serious business. Chad B shows up in his wrinkle-free shirt; John W informs us what a wonderful vet he has; Gary Wilson & Ray Jack (KS judges) show up & think we're all crazy - but have started to get into the swing of things; and we're all having a terrific time.</p>

4th	Woodlands Hat Trick (Skipper) O/H: Paul Black
<p>NOTES: Thanks Pat Bramwell; Beautiful, beautiful weather yesterday w/just a slight drizzle most of today. Neither hot nor chilly - perfect spaniel weather. David STILL needs new socks! He said he threw the holy socks away Thurs eve after we all gave him a hard time - but I'm not so sure cause the socks he had on last nite looked awfully familiar :-} George K arrives at his motel, takes his dogs out to exercise at the local school grounds & immediately gets surrounded by police. There's a leash law in Harper, KS & none of his dogs were on leashes. Guess he was even frisked. If that wasn't enough, he gets caught at the motel by the restaurant owners for walking out & not paying his bill. Wonder what that was all about? David says he's going to change all his talk - he's willing now to say that either a first or second can qualify for nationals. AKC rep & field marshall had a round of discussion because she insisted he wear blaze orange out in the field & not his rinky dinky red cap. He wasn't a happy camper, but FM won in the end - or maybe he did it just to shut her up. He informed everyone that he knows why the FM has a button on her hat that says "I don't do mornings."</p>

<p>NOTES: Great trial, perhaps a little bit to warm. Heavy Hunting cover, All Cock Birds, 3rd was the equivalent of a 20 flag course, but with no flags, one gun had a small path to walk on which everyone keyed off that. It was a great 3rd. The Heartland Club help, the bird planter, the marshals, the people who cleaned the birds, the people who had birds at all parts of the course, the people picking up, dropping off crates, picking up dead birds, the shaggers, all the background help, did a most fantastic job. Without all the all unsung heroes of a trial, keeping everything moving with no waiting, No Way would the Heartland club be able to do 98 all age dogs, effectively and efficiently, and giving them all a fair shot, and sometimes 3 or 4 contacts, and finishing with placements at 5PM.</p> <p>A 'Tip of the 'ol Lid' to all the workers at the Heartland Club Trial. Thank You!</p>
