NOTES: Thanks; Tony and Diane Zablit . Stockton held its FT on March 1st at Grey Lodge Wildlife Area, preceding the Tamarin trial. Winds with gusts of up to 60 mph made it a challenging day for all. Some participants were not able to keep their hats on most of the day and items ranging from running orders to more valuable items were ruthlessly swept across the cover at random. The gunners did an admirable job in the challenging conditions.

NOTES: Thanks; Diane Zablit, Spaniel Club FT was held March 2-3, 2002 at Grey Lodge Wildlife Area in Gridley, CA. The gusty winds that plagued Friday's (Stockton club) trial had died down to a reasonable roar. Since this is usually a rainy&windy trial, a little stronger wind with no rain was a welcome trade-off. Outstanding birds and varied cover made this an interesting trial for dogs & handlers. Many runners. They were a dangerous proposition in earlier runs. Air temps were from mid-50s in morning to 70+, but the wind made it feel cooler.

NOTES: Thanks; Diane Zablit; Conditions were breezy and mid-50s-mid-60s on Sat. Cover with up to knee high green, with interspersed dry stick-like sections, some of which hid the dogs quite effectively. One course ran along an irrigation ditch and we were afforded some exciting water retrieves. Birds were excellent for this time of year. Sunday was pretty miserable with temps mid-40s-50s and rain almost the whole day in varying degrees. The moisture enhanced the scenting and many dogs were smelling birds 1.5-3 flags away. The gun team had their sneakers on, but all the excitement caused us to lose many dogs. Judges requested and the FT committee agreed to run straight through the 3rd series without a lunch break, to get us out of the bad weather quicker.
