

Addendum to Minutes of 2024 Delegates meeting held December 7, 2024.

Due to circumstances beyond the control of the committee the 2025 NOC scheduled to take place November 18, 2025 was cancelled. The committee considered the option of finding alternative grounds in Utah and rescheduling the trial but did not think that was feasible.

Once that decision was made, Clay Earl submitted an alternate proposal involving holding the trial in Kansas in early January.

Process followed:

32 Delegates attended the 2024 Annual Delegates meeting and an addition two delegates arrived after the sign in.

The Delegates were polled by email on November 21, 2025 regarding moving the trial to Kansas or having no trial.

The results of the poll were 33 in favor of moving the trial to Kansas and 1 opposed.

Based on the results of the poll a second email was sent on November 24, 2025 to formally rescind the resolutions from the 2024 meeting regarding date, time, entry fee, qualification and meeting date for the NOC to be held in Clarkston, Utah.

New individual motions were made to approve the new trial.

It has been moved by Amelia Baxter and seconded by Holly Boggess to rescind the motions made at the 2024 Annual Delegates meeting regarding the:

(1) Location and start date of the 2025 NOC

(2) Qualification points (2 points)

(3) Entry Fee \$400.00
